Broad Loom Carpet

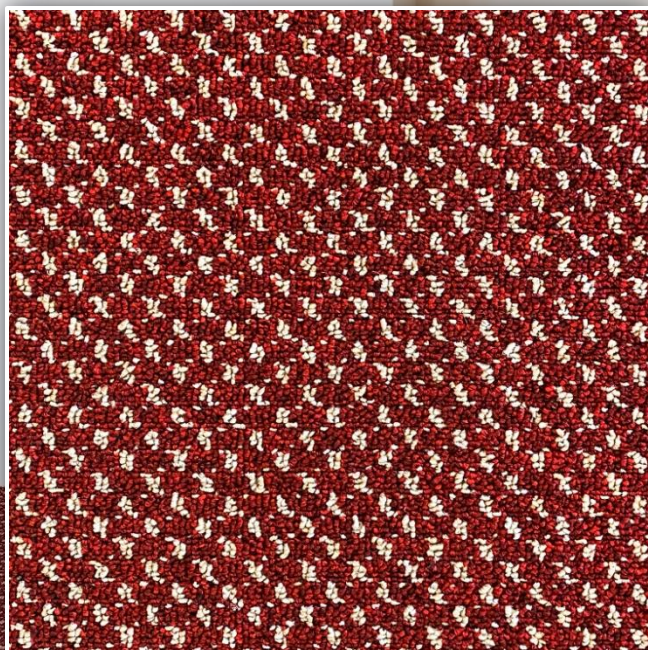

Our dedication to manufacturing which has ensured the superior quality of our carpets also means we can push colours in modern directions, safe in the knowledge that the results will have the desired depth and finish. We're excited by the bold shades we offer, from vibrant maroons and rust to dramatic beige and greys. In modern interiors, there are no rules – there's no need to temper a bright carpet in a busy hallway with neutral walls if you don't want to.
